Subject: Explorers talk Thursday - join us

Aloha all, This Thursday, Aug. 15th, at 7:30PM, we will have our 3rd Explorers of the Universe talk. Ed Lu, a former NASA astronaut, IfA postdoc, and now CEO of the B612 Foundation will present "Astronomy Saves The World" at UH Manoa's Kennedy Theatre. Please join us for this interesting talk and show your support of the IfA and its ongoing public programs. IfA faculty, staff and students are also invited to join us at 6:30PM outside the theatre for refreshments.

Please share this event with schools, neighbors, community boards, friends, etc. If you need printed fliers to post please let me know.

Roy
