Subject: Physics Teacher Needed

Aloha, Dr. Jones,

My name is Jennifer Grems and I am the Upper School Principal at St. Andrew's Schools. My good friend over at Punahou suggested I contact you. As you know, we are currently seeking a long-term substitute high school Science/Physics teacher for the remainder of the 2016-2017 school year for our all-girls school.

For your information, here is the job description:

Upper School High School Science/Physics Teacher

The Priory is seeking an experienced, full time, long-term substitute teacher to teach high school Physics and Oceanography for the remainder of the 2016-2017 school year. Candidates must be passionate about all-girls education and must be versed in harnessing the strengths of girls to fully and actively engage students in learning. Candidates must be comfortable with using current, research-based pedagogies to promote deep understanding as well as development of curiosity, appreciation, and enthusiasm of the study of the sciences.

Other necessary attributes include experience providing personalized instruction matching student needs, effective communication skills, and flexibility.

Completion of Bachelor's Degree in Science or other related field is required; Master's Degree is preferred.

Candidates must be practiced in establishing meaningful relationships and engagement with all students. Candidates must be able to collaborate efficiently and effectively with existing faculty in a way that sustains and supports The Priory's mission, commitments and goals for student learning. Faculty is required to perform supervisory duties as assigned.

For more information about The Priory, click on the following link:<http://www.standrewsschools.org>.

Interested applicants should send cover letter and resume to: employment@standrewsschools.org.

?Best regards and thanks so much for your help,

Jen
