Physics Teacher

Iolani School is seeking a full-time Physics teacher for grades 10 - 12 for the 2017-18 academic year. Candidates should have at least a Bachelor's degree, preferably in Physics, and experience teaching Physics for at least 3-5 years. Experience teaching Advanced Placement Physics is a plus. In addition to teaching, the Physics teacher is responsible for setting up and supervising students during labs and is expected to work closely with science faculty colleagues. Candidates should be comfortable using technology in teaching, grading and communications. An ability to contribute to the Iolani School's 1-to-1 iPad initiative will be another factor in hiring decisions.

Interested applicants should submit their cover letter and resume to our online application accessible through our employment webpage,
https://workforcenow.adp.com/jobs/apply/posting.html?client=iolani&jobId=133118&lang=en_US&source=CC2

There are two positions, one that is a permanent position and one that is a one-year position. Positions are open until filled.
