Hi Jim,

Here is the lab handout for the lab which I demonstrated at our HI-AAPT meeting of rolling marble on a white board this last Sat 28 Apr 2018. I have included a pdf and docx version of the handout.

I also think we should add this link for a 96" x 48" board for \$18 from Home Depot from which you can make six 32" x 24" whiteboards for just \$3 each!

<https://www.homedepot.com/p/EUCATILE-32-sq-ft-96-in-x-48-in-Hardboard-Thrifty-White-Tile-Board-HDDPTW48/205995949>

Thank you always for your support.

Mahalo,

Takeshi

EUCATILE 32 sq. ft. 96 in. x 48 in. Hardboard Thrifty White Tile Board-HDDPTW48 - The Home Depot
