To: David Sokoloff sokoloff@uoregon.edu

I have expanded my posting of Home Adapted Interactive Lecture Demonstrations (ILDs) for online/at-home active learning of physics concepts. You can find 20 sequences that you are welcome to use at: <https://pages.uoregon.edu/sokoloff/HomeAdaptedILDs.html>

Please share this with anyone else who might be interested.

I will be updating with more topics soon.

Best, David

PS: I sincerely apologize if you receive multiple copies of this message!
